All Hail the Coolmobile!

>(AN: Hee! You'll get it after a while... I think. By the way, I know about as much about cars as a banana.

>Disclaimer: I don't own didley squat. It sucks. But life goes on.)

>Riya stepped out of the elevator for her secret lair. Looking around, she walked to the control panel in the middle. On it was two buttons: a red one and a green one. Under the red button was a sign that read 'DO NOT EVER TOUCH THIS BIG RED BUTTON, NOT EVER!' And under the green button was a sign which read 'Press to open secret door to the xiisdifoje. Do not press if you are not Riya, Yama-chan, or Gabumon.' Riya pressed down on the green button.

>Across the lair, a door that led to another room opened. Riya walked across the large spacious room and stepped through the door.

>Inside the other room was a sleek blue car with a lot of really cool stuff in it. A pair blue jean legs stuck out from under the car.

>"Ello, Yama-chan! What're you doin'?"

>Yama-chan slid out from under the blue vehicle. He was shirtless. He turned to Riya and said, "I was watching Hibu the Rather Good Car Mechanic fix my car."

>"Without your shirt on?" Riya looked at the blond questioningly.

>"It was the one you bought me, so I didn't want to get it dirty," Yama-chan said.

>"Oh, well that's kabbin! So do you like my newest present?"

>"The Coolmobile? Yah, it's kabbin!"

>Riya smiled. "You really think so Yama?" she asked.

>"Would I lie to you?"

>"You might, but you aren't lying right now."

>"So, as soon as Hibu the Rather Good Car Mechanic finishes the repairs, do you wanna go for a spin in the Coolmobile?" Yama-chan looked at Riya expectantly.

>"Of course! I'll go get changed!" Riya walked out of the Coolmobile Chamber and to the elevator upstairs.

>-----

>An hour later, Yama-chan and Riya were cruising the streets of Nokricarjonton in the Coolmobile. The stopped for a bite to eat at TJ's and then continued cruising the avenues. Suddenly, a figure jumped in front of them and Yama-chan brought the car to a screeching halt.
